

of Defense and NASA to develop, transfer, and commercialize new technology in partnership with industry.

Congress first appropriated funds in 1996 to establish TechLink as a pilot program. Since then, this program has exceeded all expectations. TechLink has established more than 250 partnerships between Federal laboratories and the private sector, including technology licensing agreements, cooperative R&D agreements, and contracts to small businesses for new technology development. These partnerships involve more than 50 different Federal research centers—including over 40 Department of Defense labs and all 10 NASA centers. TechLink has played a key role in linking the high-tech sector in the Northwestern United States with Federal laboratories nationwide. It has assisted more than 150 companies throughout the Northwest.

Beginning this last October, TechLink became a permanent part of the Department of Defense's technology transfer, transition, and acquisition activities. It is the only Department of Defense-wide technology transfer center serving the Army, Navy, Air Force, and various defense agencies. TechLink accounts for approximately one-fourth of all Department of Defense technology licensing agreements nationwide. It is playing a key role in transitioning innovative technology from Department of Defense labs and the private sector into commercial products that not only support our Nation's military and homeland security, but also contribute to national economic competitiveness and prosperity.

TechLink provides an outstanding return on investment. Partnerships that TechLink has established with industry are returning revenues and in-kind contributions to Department of Defense labs worth more than three times the Federal funds expended to support TechLink's activities.

As a result of its many innovations and achievements, the U.S. Department of Commerce recently recognized TechLink as one of 10 "exemplary models" nationwide of Federal technology transfer. I am proud to have played a key role in establishing TechLink, and wish this center the best in the years to come.●

#### MESSAGES FROM THE PRESIDENT

#### PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and where referred or ordered to lie on the table as indicated:

POM-315. A resolution adopted by the House of Representatives of the Legislature of the State of Michigan relative to danger pay and family separation allowances for members of the military in combat zones; to the Committee on Armed Services.

#### HOUSE RESOLUTION NO. 130

Whereas, at this moment, our troops serving in harm's way are facing some of the most trying situations; and

Whereas, with the end of the fiscal year on September 30, supplemental pay increases approved for serving in combat zones expire without action by Congress to extend this as part of defense appropriations. Rates of imminent danger pay and family separation allowances had been raised by \$75 and \$150 respectively, effective October 2002. Rates for imminent danger pay and family separation allowances are scheduled to return to the prior levels on October 1, 2003; and

Whereas, the effects of a pay reduction on the brave men and women representing us in the war on terror and their families could be

demoralizing. Forcing added sacrifices, especially on the families at home, is inappropriate: Now, therefore, be it

*Resolved by the house of representatives,* That we memorialize the Congress of the United States to maintain the current imminent danger pay and family separation allowances for members of the military in combat zones; and be it further

*Resolved,* That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-316. A resolution adopted by the General Assembly of the State of New Jersey relative to the New Jersey National Guard; to the Committee on Armed Services.

#### ASSEMBLY RESOLUTION NO. 254

Whereas, the Department of Military and Veterans' Affairs supports Homeland Security in this State by preparing the New Jersey National Guard and providing specialized teams and training to emergency first responders; and

Whereas, there are more than 1,700 New Jersey National Guard troops on State and federal active duty involved in Homeland Security and Homeland Defense missions; and

Whereas, the New Jersey Army National Guard provides mobilized combat ready military units for deployment in State and national activations; and

Whereas, the New Jersey Army National Guard provides combat-ready airmen, aircraft and equipment for world wide deployment in support of United States Air Force objectives; and

Whereas, the department is responsible for training and equipping domestic emergency response teams in support of New Jersey's Homeland Security program; and

Whereas, the federal government has failed to establish a Civil Support Team in this State; and

Whereas, the United States Congress is responsible for appropriating funds to the New Jersey National Guard for the procurement of critical resources to be deployed in the effective execution of all assigned missions; and

Whereas, it is necessary to provide critical funding and equipment to the New Jersey National Guard; Now, therefore, be it

*Resolved by the General Assembly of the State of New Jersey:*

1. This House calls upon the United States Congress to provide funding and equipment to the New Jersey National Guard to support the Guard in the execution of all assigned missions.

2. This House urges the United States Congress to appropriate sufficient funds to the New Jersey Army National Guard to procure 464 High Mobility Multi-Purpose Vehicles to meet its authorized strength; continue the replacement of its helicopter fleet with UH-60 Black Hawk Helicopters; accelerate the procurement of AH-64 Apache Helicopters; replace the M113 Armored Personnel Carrier with Bradley Fighting Vehicles, and provide the armor division with deployable M1A1 tanks.

3. This House requests the United States Congress to appropriate sufficient funds to the New Jersey Air National Guard for the procurement of new Block 50/52/plus aircraft and for the upgrading of KC-135E refueling airframes.

4. This House further calls upon the United States Congress to establish and fully fund a Civil Support team in the State of New Jersey and to provide more and better protective clothing for team members and body armor for counter terrorism missions and to
